Mission: To bring awareness to the illness/injuries affecting the Gulf War Era Veterans and their family members. While educating Congress to pass Bills into law to award those suffering with the benefits they deserve and the therapies they need.

WHY WE FIGHT

HOW WE WIN

❖ **Anthrax Vaccine Immunization Program:**

Committee on Government Reform, 106th Congress, Recommendations, "4.DOD should enroll all Anthrax Vaccine recipients in a comprehensive clinical evaluation and treatment program for long term study." "If there is one thing that the sub-committee learned from its review of DOD's Anthrax Vaccination Program is that the trust of many service members has been severely shaken." Hon. Bernard Sanders.

❖ **VA Public Health Gulf War**

Exposures: Lists Vaccination, including Anthrax Vaccine and Botulinum Toxoid as Gulf War related.

❖ **VA Diagnoses Veterans:** Vaccine Immunoglobulin and Antisera Adverse Reaction without any Medical Code, Treatment Protocol or Therapy.

→ Educate Congress on WHY WE FIGHT, through our Proposed Legislative Bill titled **Vaccine Injury Research Reform Act of 2022**, Covering the following:

- 1.) Formation of an additional Research Advisory Committee
- 2.) Vaccine Injury Registry and Exam for **ALL** who received the VA's list of Vaccines **OR** are experiencing Chronic Multi-Symptom Illness during the Gulf War Era from 1990-present.
- 3.) Implement New Vaccination Process Globally

→ Present to the Secretary of the Veterans Affairs Agency our 3 Part Proposal:

1. Genetic Biomarker Research to determine who's more susceptible to Adjuvant Vaccine Injury.
2. Mass Spectrometry Testing to analyze the amount of Adjuvant Toxicity.
3. Smart Watch Device to Monitor Patient Symptoms in Real Time.
